Creating Best Value

L&T Switchgear

Services We Provide

PLC Programming

We do Ladder & STL PLC programming for all major brands available.

HMI/SCADA Design

We do HMI and SCADA design as per user requirement for all major Brands available.

Signal Engineering

We do Instrument Installation and on Field Signal testing for Analog & Digital sensors

VFD and Servo

We do commissioning of VFD and Servo Drives as per application requirement.

Product & Solution

Panel manufacturing

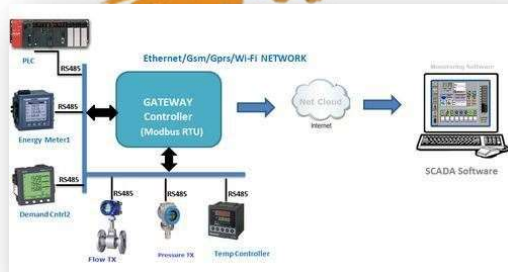

We Manufacture high Quality PLC based Panels, we also make MCC and PCC panels.

Data logging & Report

We make automatic generated excel and Web based report for Production & Downtime.

Industrial Networking

Solution for Industrial Network Ethernet, MODBUS, IOT & Remote communication.

VFD Panels

We Manufacture high Quality VFD, Soft Starter & Servo Panels as per requirement

We Supply Leading Brand Automation Hardware on Competitive Price Some Key Produces are:

PLC, HMI, VFD, Servo, Control-Switchgears, Sensors, Relay Boards, Terminal Blocks, 24VDC Power supply, SCADA software, SCADA PC,
